SUBJECT: CHAPTER 4A GAS TRANSMISSION INTEGRITY MANAGEMENT PROGRAMS OF PG&E'S TESTIMONY IN A.13-12-012

QUESTION 1

Please provide detailed recorded Capital Expenditures for 2013 as shown on WP 4A-468 to 4A-482.

a. Please provide this data in an active excel spreadsheet.

b. Please make sure to provide proper links in the spreadsheet sheets showing the cost derivations and support for each cost.

ANSWER 1

For the detailed 2013 recorded Capital Expenditures for Transmission Integrity Management Programs, please see GTS-RateCase2015_DR_ORA_082-Q01Atch01.

a. Please see GTS-RateCase2015_DR_ORA_082-Q01Atch01 for an active excel spreadsheet

b. Please see GTS-RateCase2015_DR_ORA_082-Q01Atch01. The cost derivation and support for the recorded costs are the detailed line items that sum up to the totals.

Subject: RE: 2015 GT&S - Quick call on ILI?

Nat,

The total miles of Traditional ILI runs in 2013 was provided in the 2013 PHMSA 7100 Report (provided as Attachment 1 of PG&E's response to Indicated Producers 002-Q42). In that report, PG&E reported 257.34 miles inspected using ILI.

Hope this helps.

Thanks,

Tom Varghese

Nat,

Excellent, thanks for confirming. I'll send the question immediately to the SMEs and get an answer back to you as soon as possible.

Thanks again,

Tom Varghese

Hi Tom,

The question below is pretty much it: How many miles of Traditional ILI runs did PG&E conduct in 2013. If there is another person who has the answer and can talk quickly with us, then Bennie can confirm once he is back, that would work for ORA as well.

Best,
Nat
